

I am confused and do not know
which **subjects** to choose?

Financial stability is important but I also
want to be passionate about my job?

I want a job that feeds
into my passion.

Which subjects
will help me get
good grades?

How can I be sure I have **chosen**
the **correct** subjects?

Will just good grades ensure my
success in the real world?

CREATING SPACES TO EXCEL

What skills do I need to **succeed** in the real world?
